Religious Ritual at Abydos: revisiting the Temple of Seti I at Abydos

By Prof. Rosalie David

Saturday February 10th 2018

1.30 for 2.00pm

Rosalie David's research on this temple started in the 1970s and was published as *Religious Ritual at Abydos, c. 1300 BC*. This lecture will consider how a completely revised edition, published by the Egypt Exploration Society in 2016, has provided new and exciting opportunities to update how this unique temple was designed and functioned as a ritual unit.
